

## Data Collection, Analysis, & Distribution Workgroup

### Objective

Improve the collection, analysis, and application of state-level data on maternal mortality, morbidity, and associated drivers

### Strategies

Support and expand capacity for SCMMMRC Nurse Abstractors\*

Support the data collection and reporting efforts of community-based initiatives\*

Develop and disseminate maternal health information at differing levels of geographical units\*

Map out existing and needed maternal health data

Develop a mobile maternal health literacy application that highlights data at the local level\*

Identify cross-disciplinary data leads who can facilitate maternal health data sharing

\*initiative currently supported by MHI funds
