Maternal Health Workforce Development Work Group

Objective

Identify and address workforce needs to promote and execute innovation in maternal health

Strategies

Enhance training opportunities through Project ECHO sessions focusing on community- engaged approaches to respectful care*	Establish support groups/mechanisms for birth workers	Enhance opportunities for provider, community, and birth worker communication	Expand SIMCoach training to emergency personnel, non- birthing hospitals, community members, and family medicine providers*
Provide internships to USC's MCH Catalyst students	Implement and support the Train the Trainers Model to address provider retention, burnout and respectful care	Leverage the MHTF partners and data capabilities to garner support for SC Bill 3580: Advanced Nurse Practitioner Practice Authority	Offer virtual learning sessions using SimCOACH™ to support rural areas with limited access to training
